Re: Audit of Chris Bauer, Haycock Township Tax Collector

Dear Chairman Loughery:

Enclosed is the report for the audit of the Settlement of Duplicates for the Bucks County real estate taxes of the Haycock Township Tax Collector, Chris Bauer, for the tax years ended January 16, 2018, January 15, 2017 and January 15, 2016. The January dates reflect the settlement dates for the three tax years included in the audit period. The section of the report titled Report to Management includes our findings and recommendations.

This examination was made in order to ascertain that Bucks County real estate tax collections were properly processed, that adequate and accurate financial records were maintained by the Tax Collector to reflect compliance to the Tax Collector’s Manual, the Local Tax Collection Law and County policies and that the said collections were properly forwarded to the County. The audit was conducted in accordance with U.S. generally accepted auditing standards and included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

We express our appreciation for the courtesies extended to our auditors and acknowledge the cooperative assistance we received from the Tax Collector.

Should you have any questions regarding this audit, please call us at (215) 348-6556 between 7:00 a.m. and 5:00 p.m.

Sincerely,

[Signature]

Neale Dougherty
Bucks County Controller

INDEPENDENT AUDITORS' REPORT

To Commissioner Robert G. Loughery, Chairman
County of Bucks
Commissioners' Office
55 East Court Street
Doylestown, PA 18901

We have audited the accompanying Settlement of Duplicates – cash basis, applicable to Bucks County (County) real estate taxes of the Haycock Township Tax Collector (Tax Collector), for the tax years ended January 16, 2018, January 15, 2017 and January 15, 2016, and the related note to the Settlement of Duplicates.

Management's Responsibility for the Settlement of Duplicates

The Tax Collector is responsible for the preparation and fair presentation of the Monthly Report to Taxing Districts (MRTD) sheets, which are the basis for the preparation of the Settlement of Duplicates in accordance with the cash basis of accounting described in Note 1.D. The Tax Collector is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the Settlement of Duplicates that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the Settlement of Duplicates based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Settlement of Duplicates are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Settlement of Duplicates. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Settlement of Duplicates, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Tax Collector's preparation and fair presentation of the Settlement of Duplicates in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Tax Collector's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by the Tax Collector, if any, as well as evaluating the overall presentation of the Settlement of Duplicates.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Continued…
Opinion

In our opinion, the Settlement of Duplicates referred to in the first paragraph present fairly, in all material respects, the total amount the Tax Collector is responsible to collect and the total amount reported by the Tax Collector, for the tax years ended January 16, 2018, January 15, 2017 and January 15, 2016, in accordance with the cash basis of accounting as described in Note 1.D.

Emphasis of Matter and Basis of Accounting

We draw attention to Note 1.C. to the Settlement of Duplicates, which describes that the settlement is prepared to present a reconciliation between the amount of County real estate taxes the Tax Collector is responsible to collect and the reported collection, liened and non-lienable amounts, and is not intended to be a complete presentation of the Tax Collector’s financial activities. The County has accepted the Settlement of Duplicate format as a means for presenting this reconciliation.

We also draw attention to Note 1.D. to the Settlement of Duplicates, which describes the basis of accounting. The Settlement of Duplicates are prepared on the cash basis of accounting, which is a basis of accounting other than U.S. generally accepted accounting principles.

Our opinion is not modified with respect to either matter.

Restriction on Use

This report is intended solely for the information and use of the Tax Collector and the County. This restriction is not intended to limit the distribution of this report, which is a matter of public record.

Kimberly S. Doran, CPA, Bucks County Deputy Controller
Doylestown, Pennsylvania

NOTE TO THE SETTLEMENT OF DUPLICATES

1. Summary of Significant Accounting Policies

The major accounting principles and practices followed by the Tax Collector and the County are presented below to assist the reader in understanding the Settlement of Duplicates. The accounting principles and practices are presented in conformity with a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

A. Nature of Operations

The Tax Collector is an elected official designated to collect County real estate taxes as well as other taxes. In this jurisdiction, the Tax Collector is an elected official that serves a four (4) year term.

B. Reporting Entity

The accompanying Settlement of Duplicates are presented from only the financial transactions/records directly related to the County real estate taxes handled by the Tax Collector. The financial transactions consist primarily of real estate taxes collected, discounts taken and penalties paid. The Settlement of Duplicates do not present the financial activities of the Tax Collector or the County taken as a whole.

C. Basis of Presentation

The County requires Tax Collectors to settle County real estate taxes on or before January 15th (or by the next business day if the 15th falls on a weekend or legal holiday) of the succeeding year. As such, the County accepted the Settlement of Duplicate format to reflect the activities associated with the settlement of County real estate tax duplicates in the Tax Collector's possession during the period under audit. Specifically, the Settlement of Duplicate presents a reconciliation between the amount of County real estate taxes the Tax Collector is responsible to collect and the collection, lien and non-lienable amounts reported by the Tax Collector.

Section 25 (Collection and Payment Over of Taxes) of the Local Tax Collection Law requires the Tax Collector to report the monthly real estate tax activities to the County on a standardized form commonly known as the MRTD sheet. Except for the "Refunds at Face Value made by Finance Department" amount, the amounts presented under the "Amount Reported by Tax Collector" section of the Settlement of Duplicate is an accumulation of information reported on the MRTD sheets for the given tax year.

D. Basis of Accounting

The Tax Collector prepares the required MRTD sheets in accordance with the financial reporting provisions prescribed by the Pennsylvania Department of Community and Economic Development, which is essentially the cash basis of accounting. Since the accompanying Settlement of Duplicates are primarily summaries of amounts reported on the MRTD sheets for the given tax years, the Settlement of Duplicates are prepared and presented on the same basis. Under the cash basis, the only asset recognized is cash, and no liabilities are recognized. Unless otherwise noted, the County portion of Continued…
NOTE TO THE SETTLEMENT OF DUPLICATES

1. Summary of Significant Accounting Policies (Continued)

D. Basis of Accounting (Continued)

the real estate tax revenue collected and disbursed by the Tax Collector during a given tax year is presented on the accompanying Settlement of Duplicates as the "Amount Collected from Taxpayers as Reported to the County". The cash basis differs from U.S. generally accepted accounting principles primarily because the effects of accounts receivable and accounts payable are not reflected in the accompanying Settlement of Duplicates. The cash basis of accounting is an acceptable basis of accounting for the Settlement of Duplicates.

E. Amount to be Collected

Upon successful settlement of a prior year tax duplicate, on February 1st of each year the County issues to the Tax Collector the current year's tax duplicate, which represents County real estate taxes to be collected. In addition to the tax duplicate, the County may issue, throughout the year, interim billings/adjustments. Therefore, the total amount of County real estate taxes to be collected in a tax year is the tax duplicate amount plus and/or minus any interim billing/adjustment amounts.

F. Cash

Deposits in the banking institutions are insured by the Federal Deposit Insurance Corporation and/or are fully collateralized by a pledge or assignment of assets pursuant to Act No. 72 of the General Assembly.

G. Tax Duplicate and Interim Billings/Adjustments

The Tax Duplicate and Interim Billing/Adjustment amounts presented under the "Amount the Tax Collector is Responsible to Collect" on the accompanying Settlement of Duplicates represent the total tax duplicate plus and/or minus all applicable interim billings/adjustments issued for the period indicated.

H. Date of Management's Review

The Tax Collector has evaluated subsequent events through January 3, 2019, the date on which the Settlement of Duplicates were available to be issued. No events have taken place that affect the Settlement of Duplicates or require disclosure.
REPORT ON SIGNIFICANT DEFICIENCIES
AND MATERIAL WEAKNESSES

To Commissioner Robert G. Loughery, Chairman
County of Bucks
Commissioners’ Office
55 East Court Street
Doylestown, PA 18901

In planning and performing our audit of the Settlement of Duplicates, for the tax years ended January 16, 2018, January 15, 2017 and January 15, 2016, in accordance with U.S. generally accepted auditing standards, we considered the Tax Collector’s internal control over the financial reporting (internal control) as a basis for designing auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the Settlement of Duplicates, but not for the purpose of expressing an opinion on the effectiveness of the Tax Collector’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Tax Collector’s internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. In addition, because of inherent limitations in internal control, including the possibility of management’s override of controls, misstatements due to error or fraud may occur and not be detected by such controls. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Tax Collector’s Settlement of Duplicates will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in F1. of the Internal Control and Compliance sections of the Report to Management to be significant deficiencies.

The Tax Collector’s written response to the findings identified in our audit and presented in the Report to Management was not subjected to the audit procedures applied in the audit of the Settlement of Duplicates and, accordingly, we express no opinion on it.

Continued…
This report is intended solely for the information and use of the Tax Collector and the County. This restriction is not intended to limit the distribution of this report, which is a matter of public record.

Kimberly S. Doran, CPA, Bucks County Deputy Controller
Doylestown, Pennsylvania

January 3, 2019
18-11
We have audited the Settlement of Duplicates, applicable to County real estate taxes of the Tax Collector, for the tax years ended January 16, 2018, January 15, 2017 and January 15, 2016. Professional standards require that we provide the Tax Collector with information about our responsibilities under U.S. generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to the Tax Collector dated March 29, 2018. Professional standards also require that we communicate the following information related to our audit.

Audit Findings Overview

Qualitative Aspects of Accounting Practices

The Tax Collector is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Tax Collector are described in Note 1 to the Settlement of Duplicates. No new accounting policies were adopted and the application of existing policies was not changed during the audit period. We noted no transactions entered into by the Tax Collector during the audit period for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the Settlement of Duplicates in the proper period.

The Settlement of Duplicate disclosures are neutral, consistent and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with the Tax Collector in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. As a result of the audit procedures, we did not detect any misstatements that required correction by management.

Disagreements with the Tax Collector

For purposes of this letter, a disagreement with the Tax Collector is a financial accounting, reporting or auditing matter, whether or not resolved to our satisfaction, that could be significant to the Settlement of Duplicates or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Representations from the Tax Collector

We have requested certain representations from the Tax Collector that are included in the management representation letter dated January 3, 2019.

Haycock Township Tax Collector

REPORT TO MANAGEMENT

COVER LETTER

Purpose

In reviewing this report, it is important to remember that this letter addresses those conditions that we believe should be brought to the attention of the Tax Collector, and accordingly, does not recite the other controls that presently exist. Furthermore, our suggestions should not be construed as a criticism of or a reflection on the integrity of the Tax Collector.

Report Distribution

This report is intended solely for the information and use of the Tax Collector and the County. This restriction is not intended to limit the distribution of this report, which is a matter of public record.
Haycock Township Tax Collector

REPORT TO MANAGEMENT

FINDINGS AND RECOMMENDATIONS

Legend:

F – Finding
R – Recommendation

The Tax Collector’s Office consisted of one (1) Tax Collector, one (1) Deputy Tax Collector and one (1) Assistant.

During our audit, we became aware of significant deficiencies in internal control that have been identified as such in the separate report titled "Report on Significant Deficiencies and Material Weaknesses" dated January 3, 2019. The Internal Control and Compliance sections of the Report to Management details the significant deficiencies noted in the Tax Collector’s control environment and our recommendations for improvement. The Report to Management does not affect our "Independent Auditors’ Report" dated January 3, 2019, on the Tax Collector’s Settlement of Duplicates.

Internal Control

A review of the internal control environment disclosed the following:

F1. Although the Tax Collector deputized an individual, it is our understanding that this procedure was solely for compliance to the Local Tax Collection Law and that the deputy performed no functions related to the daily activities of the Tax Collector’s Office during the audit period. Therefore, based on a review of the financial transactions recorded and the procedures performed by the Tax Collector and the assistant, it was determined that there was a general lack of segregation of duties among the authorization, execution and recording of the County real estate tax transactions and the related assets.

R1. Although the small size of the office staff limits the extent of separation of duties, certain steps should be taken to separate incompatible duties. The basic premise to any internal control structure is that no one (1) individual should have access to both physical assets and the related accounting records or to all phases of a transaction.

Auditee’s Response:

F1. Due to the small volume of tax bills processed, it is impractical to have additional personnel in my office.

Cash – Bank Analysis

Included within the audit were procedures to verify, through random selection of monthly bank statements, that the Tax Collector deposited payments timely, made only appropriate disbursements, maintained up-to-date checkbook balances, prepared monthly bank reconciliations and utilized the account for only tax collection activities.

Continued...
Haycock Township Tax Collector

REPORT TO MANAGEMENT

FINDINGS AND RECOMMENDATIONS

Cash – Bank Analysis (Continued)

F1. Included within the review of the bank reconciliation were procedures to verify the completeness of the checkbook and the accuracy of the running balance. This review disclosed that although the Tax Collector maintained a checkbook during the audit period, the following issues were noted:

- The ending balance in the checkbook from the prior audit period does not roll forward at the same amount into the current audit period. The discrepancy is attributed to two (2) checks totaling $45 that were outstanding in the prior audit period but were subsequently voided. However, the status of the funds associated with one (1) of the checks for $43 is unknown.

- There were several instances where the check dates recorded in the checkbook were not in agreement with the actual dates entered on the checks.

R1. The Tax Collector should be reminded of the importance of maintaining an accurate checkbook. This includes the proper posting of check issue dates as well as correctly recording void check adjustments and the subsequent disposition of those funds.

Auditee’s Response:

F1. I am fairly certain that there was an errant entry deleted for $43. The audit trail in Quickbooks Online did not show anything. My current bank balance shows as correct and has been since the period in question. As for the check dates, I was using the Quickbooks download feature from QNB to enter the transactions. Every check written was accounted for, just the dates in the register were the date that the check cleared as opposed to the date it was written. I will change this practice and make sure the date is for when the check is written.

Receipts Analysis

As a part of the audit, we reviewed a sample of paid tax notices and deposits to determine whether payments were properly recorded and deposited intact and in a timely manner.

F1. An analysis of a sample of County real estate tax payments paid by credit/debit cards through the MunicIPAYs’ website revealed that 53% of the seventeen (17) applicable payments examined were not recorded by the Tax Collector in a timely manner. Furthermore, in 11% of the nine (9) untimely recordings tested, the untimely processing resulted in the payment not being reported until the following month. This process is not in compliance with Section 25 of the Local Tax Collection Law, which states that “The collector shall pay over on or before the tenth day of each month... all monies collected as taxes during the previous month...”

Continued…
Receipts Analysis (Continued)

R1. All credit/debit transactions should be processed, posted and reconciled within one (1) business day from the date it appears in the Tax Collector's bank account. Additionally, the Tax Collector should be reminded of the importance of maintaining compliance to all aspects of the Local Tax Collection Law.

Auditee's Response:

F1. I had been holding the Municpay payments and processing them at the end of the month typically for easier accounting on my end. I will change this practice and enter them as I receive them.

Compliance

In order to determine whether the Tax Collector was in compliance with certain provisions of the Tax Collector's Manual, Local Tax Collection Law and County policies, we reviewed MRTD sheets, tax notices, disbursement practices and other appropriate documentation.

F1. A review of the June 2017 MRTD sheet disclosed that the Tax Collector reported and remitted three (3) discount payments in the face period. Further inquiry disclosed that although these payments were received in March 2017, the Tax Collector did not deposit the funds until June 5, 2017. Since these payments were not remitted to the County until the face period, an additional $17 from the Tax Collector's personal funds should have been included with the June remittance, which represented the difference between the discount payment amounts received and the face amounts of the applicable tax bills. Consequently, this condition resulted in a $17 under submission of County real estate taxes.

R1. The Tax Collector should be reminded of the importance of processing all tax payments in a timely manner. Additionally, the Tax Collector should immediately contact the Finance Department for guidance as to the proper procedure to rectify this condition.

F2. Based on the requirements outlined in the Local Tax Collection Law and the guidelines issued by the Finance Department, an analysis of disbursements/wire transfers made by the Tax Collector to the County disclosed that real estate tax revenue was not always forwarded timely as established in the law/guidelines.

R2. The Tax Collector should strictly adhere to the requirements stated in Section 25 of the Local Tax Collection Law and the guidelines issued by the Finance Department regarding the timely submission of revenue.

F3. An analysis of the MRTD sheets submitted to the County revealed that in 27% of the thirty (30) sheets filed, the reported real estate tax collections did not agree to the amount the Tax Collector actually remitted to the County.

R3. As previously stated, Section 25 of the Local Tax Collection Law requires the Tax Collector to remit prior month's collections by the tenth of the following month. This process should include a comparison of the reported collection amount to the actual remittance(s) prior to submitting the report to the County. Any discrepancies noted should be immediately reconciled and resolved.

Continued...
Haycock Township Tax Collector

REPORT TO MANAGEMENT

FINDINGS AND RECOMMENDATIONS

Compliance (Continued)

Auditee’s Response:

F1. I will be remitting $17.41 to Bucks County shortly and will do my best to make sure this does not happen in the future. I had thought that with the backup postmark that I could take the discount.

F2. I will do my best to comply with the requirements as stated.

F3. I had some amendments to make to correct an error which resulted in the collections not matching the remittance for the period. I believe that procedural changes I put into place after that happened will allow me to comply fully.
SUMMARY OF THE EXIT CONFERENCE

An exit conference was held via conference call on January 3, 2019. Those participating in the conference call were:

*Haycock Township*
Chris Bauer, Tax Collector

*Controller's Office*
Denise Rimby, CPA, Audit Supervisor

The results of the audit were presented and discussed in their entirety.
