Doylestown, PA 18901

Re: Audit of Kimberly Hinrichs, Tinicum Township Tax Collector

Dear Chairman Martin:

Enclosed is the report for the audit of the Settlement of Duplicates for the Bucks County real estate taxes of the Tinicum Township Tax Collector, Kimberly Hinrichs, for the tax years ended January 15, 2016 and 2015. The January 15th dates reflect the settlement dates for the two tax years included in the audit period. The section of the report titled Report to Management includes our findings and recommendations.

This examination was made in order to ascertain that Bucks County real estate tax collections were properly processed, that adequate and accurate financial records were maintained by the Tax Collector to reflect compliance to the *Tax Collector's Manual*, the *Local Tax Collection Law* and County policies and that the said collections were properly forwarded to the County. The audit was conducted in accordance with U.S. generally accepted auditing standards and included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

We express our appreciation for the courtesies extended to our auditors and acknowledge the cooperative assistance we received from the Tax Collector.

Should you have any questions regarding this audit, please call us at (215) 348-6556 between 7:00 a.m. and 5:00 p.m.

Sincerely,

Michael J. Gallagher
Bucks County Controller

INDEPENDENT AUDITORS' REPORT

To Commissioner Charles H. Martin, Chairman
County of Bucks
Commissioners' Office
55 East Court Street
Doylestown, PA 18901

We have audited the accompanying Settlement of Duplicates – cash basis, applicable to Bucks County (County) real estate taxes of the Tinicum Township Tax Collector (Tax Collector), for the tax years ended January 15, 2016 and 2015, and the related note to the Settlement of Duplicates.

Management's Responsibility for the Settlement of Duplicates

The Tax Collector is responsible for the preparation and fair presentation of the Monthly Report to Taxing Districts (MRTD) sheets, which are the basis for the preparation of the Settlement of Duplicates in accordance with the cash basis of accounting described in Note 1.D. This includes determining that the cash basis of accounting is an acceptable basis for the preparation of the Settlement of Duplicates in the circumstances. The Tax Collector is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the Settlement of Duplicates that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the Settlement of Duplicates based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Settlement of Duplicates are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Settlement of Duplicates. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Settlement of Duplicates, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Tax Collector's preparation and fair presentation of the Settlement of Duplicates in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Tax Collector's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by the Tax Collector, if any, as well as evaluating the overall presentation of the Settlement of Duplicates.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Continued...

Opinion

In our opinion, the Settlement of Duplicates referred to in the first paragraph present fairly, in all material respects, the total amount the Tax Collector is responsible to collect and the total amount reported by the Tax Collector, for the tax years ended January 15, 2016 and 2015, in accordance with the cash basis of accounting as described in Note 1.D.

Emphasis of Matter and Basis of Accounting

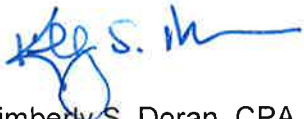

We draw attention to Note 1.C. to the Settlement of Duplicates, which describes that the settlement is prepared to present a reconciliation between the amount of County real estate taxes the Tax Collector is responsible to collect and the reported collection, liened and non-lienable amounts, and is not intended to be a complete presentation of the Tax Collector's financial activities. The County has accepted the Settlement of Duplicate format as a means for presenting this reconciliation.

We also draw attention to Note 1.D. to the Settlement of Duplicates, which describes the basis of accounting. The Settlement of Duplicates are prepared on the cash basis of accounting, which is a basis of accounting other than U.S. generally accepted accounting principles.

Our opinion is not modified with respect to either matter.

Restriction on Use

This report is intended solely for the information and use of the Tax Collector and the County. This restriction is not intended to limit the distribution of this report, which is a matter of public record.

Kimberly S. Doran, CPA, Bucks County Deputy Controller
Doylestown, Pennsylvania

NOTE TO THE SETTLEMENT OF DUPLICATES

1. Summary of Significant Accounting Policies

The major accounting principles and practices followed by the Tax Collector and the County are presented below to assist the reader in understanding the Settlement of Duplicates. The accounting principles and practices are presented in conformity with a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

A. Nature of Operations

The Tax Collector is an elected official designated to collect County real estate taxes as well as other taxes. In this jurisdiction, the Tax Collector is an elected official that serves a four (4) year term.

B. Reporting Entity

The accompanying Settlement of Duplicates are presented from only the financial transactions/records directly related to the County real estate taxes handled by the Tax Collector. The financial transactions consist primarily of real estate taxes collected, discounts taken and penalties paid. The Settlement of Duplicates do not present the financial activities of the Tax Collector or the County taken as a whole.

C. Basis of Presentation

The County requires Tax Collectors to settle County real estate taxes on or before January 15th of the succeeding year. As such, the County accepted the Settlement of Duplicate format to reflect the activities associated with the settlement of County real estate tax duplicates in the Tax Collector's possession during the period under audit. Specifically, the Settlement of Duplicate presents a reconciliation between the amount of County real estate taxes the Tax Collector is responsible to collect and the collection, lien and non-lienable amounts reported by the Tax Collector.

Section 25 (Collection and Payment Over of Taxes) of the *Local Tax Collection Law* requires the Tax Collector to report the monthly real estate tax activities to the County on a standardized form commonly known as the MRTD sheet. Except for the "Refunds at Face Value made by Finance Department" amount, the amounts presented under the "Amount Reported by Tax Collector" section of the Settlement of Duplicate is an accumulation of information reported on the MRTD sheets for the given tax year.

D. Basis of Accounting

The Tax Collector prepares the required MRTD sheets in accordance with the financial reporting provisions prescribed by the Pennsylvania Department of Community and Economic Development, which is essentially the cash basis of accounting. Since the accompanying Settlement of Duplicates are primarily summaries of amounts reported on the MRTD sheets for the given tax years, the Settlement of Duplicates are prepared and presented on the same basis. Under the cash basis, the only asset recognized is cash, and no liabilities are recognized. Unless otherwise noted, the County portion of the real estate tax revenue collected and disbursed by the Tax Collector during a given

Continued...

NOTE TO THE SETTLEMENT OF DUPLICATES

1. Summary of Significant Accounting Policies (Continued)

D. Basis of Accounting (Continued)

tax year is presented on the accompanying Settlement of Duplicates as the "Amount Collected from Taxpayers as Reported to the County". The cash basis differs from U.S. generally accepted accounting principles primarily because the effects of accounts receivable and accounts payable are not reflected in the accompanying Settlement of Duplicates. The cash basis of accounting is an acceptable basis of accounting for the Settlement of Duplicates.

E. Amount to be Collected

Upon successful settlement of a prior year duplicate, on February 1st of each year the County issues to the Tax Collector the current year's tax duplicate, which represents County real estate taxes to be collected. In addition to the duplicate, the County may issue, throughout the year, interim adjustments. Therefore, the total amount of County real estate taxes to be collected in a tax year is the duplicate amount plus and/or minus any interim adjustment amounts.

F. Cash

Deposits in the banking institutions are insured by the Federal Deposit Insurance Corporation and/or are fully collateralized by a pledge or assignment of assets pursuant to Act No. 72 of the General Assembly.

G. Original Duplicate/Interim Billings/Adjustments

The Original Duplicate/Interim Billings/Adjustments amounts presented under the "Amount the Tax Collector is Responsible to Collect" on the accompanying Settlement of Duplicates represent the total original duplicate plus and/or minus all applicable interim adjustments issued for the period indicated.

H. Date of Management's Review

The Tax Collector has evaluated subsequent events through September 5, 2017, the date on which the Settlement of Duplicates were available to be issued. No events have taken place that affect the Settlement of Duplicates or require disclosure.

CONTROLLER'S OFFICE

COUNTY OF BUCKS

REPORT ON SIGNIFICANT DEFICIENCIES AND MATERIAL WEAKNESSES

To Commissioner Charles H. Martin, Chairman
County of Bucks
Commissioners' Office
55 East Court Street
Doylestown, PA 18901

In planning and performing our audit of the Settlement of Duplicates, for the tax years ended January 15, 2016 and 2015, in accordance with U.S. generally accepted auditing standards, we considered the Tax Collector's internal control over the financial reporting (internal control) as a basis for designing auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the Settlement of Duplicates, but not for the purpose of expressing an opinion on the effectiveness of the Tax Collector's internal control. Accordingly, we do not express an opinion on the effectiveness of the Tax Collector's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. In addition, because of inherent limitations in internal control, including the possibility of management override of controls, misstatements due to error or fraud may occur and not be detected by such controls. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Tax Collector's Settlement of Duplicates will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in F1. of the Internal Control section, F1. of the Cash - Bank Analysis section and F1. and F2. of the Compliance section of the Report to Management to be significant deficiencies.

The Tax Collector's written response to the findings identified in our audit and presented in the

REPORT TO MANAGEMENT

COVER LETTER

We have audited the Settlement of Duplicates, applicable to County real estate taxes of the Tax Collector, for the tax years ended January 15, 2016 and 2015. Professional standards require that we provide the Tax Collector with information about our responsibilities under U.S. generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to the Tax Collector dated August 29, 2016. Professional standards also require that we communicate the following information related to our audit.

Audit Findings Overview

Qualitative Aspects of Accounting Practices

The Tax Collector is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Tax Collector are described in Note 1 to the Settlement of Duplicates. No new accounting policies were adopted and the application of existing policies was not changed during the audit period. We noted no transactions entered into by the Tax Collector during the audit period for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the Settlement of Duplicates in the proper period.

The Settlement of Duplicate disclosures are neutral, consistent and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with the Tax Collector in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. As a result of the audit procedures, we did not detect any misstatements that required correction by management.

Disagreements with the Tax Collector

For purposes of this letter, a disagreement with the Tax Collector is a financial accounting, reporting or auditing matter, whether or not resolved to our satisfaction, that could be significant to the Settlement of Duplicates or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Representations from the Tax Collector

We have requested certain representations from the Tax Collector that are included in the management representation letter dated September 5, 2017.

Tinicum Township Tax Collector

REPORT TO MANAGEMENT

COVER LETTER

Purpose

In reviewing this report, it is important to remember that this letter addresses those conditions that we believe should be brought to the attention of the Tax Collector, and accordingly, does not recite the other sound controls that presently exist. Furthermore, our suggestions should not be construed as a criticism of or a reflection on the integrity of the Tax Collector.

Report Distribution

This report is intended solely for the information and use of the Tax Collector and the County. This restriction is not intended to limit the distribution of this report, which is a matter of public record.

REPORT TO MANAGEMENT

FINDINGS AND RECOMMENDATIONS

Legend:

F – Finding

R – Recommendation

The Tax Collector's Office consisted of one (1) Tax Collector and one (1) Deputy Tax Collector.

During our audit, we became aware of significant deficiencies in internal control that have been identified as such in the separate report titled "Report on Significant Deficiencies and Material Weaknesses" dated September 5, 2017. The Internal Control, Cash - Bank Analysis and Compliance sections of the Report to Management detail the significant deficiencies noted in the Tax Collector's control environment and our recommendations for improvement. The Report to Management does not affect our "Independent Auditors' Report" dated September 5, 2017, on the Tax Collector's Settlement of Duplicates.

Internal Control

A review of the internal control environment disclosed the following:

- F1. Although the Tax Collector deputized an individual, it is our understanding that this procedure was solely for emergency purposes and that the deputy performed no functions related to daily activities of the Tax Collector's office during the audit period. Based on the preceding information, it was determined that the Tax Collector was the sole individual responsible for all functions and transactions applicable to the collection of County real estate taxes.
- R1. Although a one-person staff does not afford the Tax Collector the opportunity to separate incompatible duties, audit guidance requires the reporting of such a condition. The basic premise to any internal control structure is that no one (1) individual should have access to both physical assets and the related accounting records or to all phases of a transaction.

Auditee's Response:

- F1. I will have my deputy put on the bank account and have him more involved with the daily activities of the office.

Cash - Bank Analysis

Included within the audit were procedures to verify, through random selection of monthly bank statements, that the Tax Collector made only appropriate disbursements, maintained up-to-date checkbook balances, prepared monthly bank reconciliations and utilized the account for only tax collection activities.

Continued...

REPORT TO MANAGEMENT

FINDINGS AND RECOMMENDATIONS

Cash - Bank Analysis (Continued)

F1. In order to determine whether the Tax Collector maintained adequate accounting records to support the source of funds that made up the \$243,969 and \$25,752 adjusted bank statement balances as of January 15, 2016 and 2015, respectively, we reviewed documents and inquired as to the composition of these balances. This analysis disclosed the following conditions:

- The Tax Collector could not determine the source of \$2,917 and \$2,255 of the adjusted bank statement balances as of January 15, 2016 and 2015, respectively.
- Three (3) outstanding checks totaling \$379, issued as far back as 2009, were included in this analysis even though the checks had exceeded the *Pennsylvania Unclaimed Property Law's* three (3) year dormancy period.
- At least five (5) refunds totaling \$199 pertaining to overpayments were not refunded to the affected taxpayers as of September 29, 2016.

R1. In order to address each of these issues, the Tax Collector should perform the following:

- Immediately take the necessary steps to determine the composition of the net cash balance.
- Take the appropriate action to comply with the *Pennsylvania Unclaimed Property Law*. Additionally, in order to remain in compliance, a monthly procedure should be established to remove any checks that are outstanding for more than six (6) months. After the Tax Collector has exhausted all efforts to contact the original payee(s), a check for the appropriate amount(s) should be forwarded to the appropriate taxing district(s) to be placed in an unclaimed funds account. A listing of the original payee(s) and corresponding amount(s) should be forwarded to the applicable taxing district(s) and a copy retained by the Tax Collector. Should someone make a claim against the unclaimed funds, the Tax Collector should request that each taxing district return the funds to the proper party.
- The Tax Collector should be reminded of the importance of refunding duplicate/over payments to the proper recipients within a reasonable time period not to exceed thirty (30) days.

F2. Included within the review of the bank reconciliations were procedures to verify the completeness of the checkbook and the accuracy of the running balance. This review disclosed that although the Tax Collector maintained a checkbook during the audit period, the following conditions were noted:

- A running balance was not recorded after each transaction entered in the checkbook.
- Transactions were not always entered in chronological order resulting in an inaccurate running balance when calculated.
- Transaction descriptions were not always complete.

Continued...

REPORT TO MANAGEMENT

FINDINGS AND RECOMMENDATIONS

Cash - Bank Analysis (Continued)

R2. The Tax Collector should be reminded of the importance of maintaining an accurate, up-to-date checkbook showing all deposit, disbursement and adjustment dates, descriptions and amounts. Furthermore, the maintenance of an accurate checkbook and running balance would provide the Tax Collector with the basis for preparing accurate monthly bank reconciliations.

Auditee's Response:

F1. I will look into this and believe that most of it is Palisades School District funds that was unresolved. I will follow through with trying to find these people and refund these amounts or file as unclaimed through the county.

F2. I will and am trying to do a better job at doing this.

Receipts Analysis

As a part of the audit, we reviewed a sample of paid tax notices and deposits to determine whether payments were properly recorded and deposited intact and in a timely manner.

F1. In 17% of the six (6) deposits examined, the Tax Collector was unable to provide adequate documentation to substantiate the entire amount of the deposit.

R1. The Tax Collector should be reminded of the importance of maintaining all documentation that supports deposits of County real estate taxes.

F2. In 17% of the six (6) deposits examined, the tax payments were not deposited in a timely manner.

R2. All tax payments should be processed, posted, reconciled and deposited intact on the day of payment or by the next business day.

F3. A review of the May 2014 bank statement disclosed that the Tax Collector accepted the repayment of one (1) tax payment (covering nine (9) parcels) that was initially paid by check in the discount period but was returned by the bank as having non-sufficient funds. Since the repayment was received in the face period, the appropriate tax payment amount should have included an additional \$92, which represented the 2% discount. Consequently, the acceptance of this transaction by the Tax Collector resulted in a \$92 under submission of County real estate taxes.

In addition, the tax records were not adjusted to reflect the actual payment date, which was the replacement payment date.

R3. The Tax Collector should be reminded of the importance of insuring that the amount of the real estate tax payment is appropriate for the period in which it was collected. In accordance with Section X of the *Tax Collector's Manual*, "Acceptance of a check from a taxpayer is at most only a conditional payment of taxes; the taxes are not considered fully paid until the check has cleared." Furthermore, the Tax Collector should contact the Finance Department for clarification on the policy for handling checks returned for insufficient funds.

Continued...

REPORT TO MANAGEMENT

FINDINGS AND RECOMMENDATIONS

Receipts Analysis (Continued)

Additionally, the Tax Collector should be reminded of the importance of updating the payment date information in the tax collection records to reflect both the non-sufficient funds notification and the replacement payment dates.

Auditee's Response:

- F1. I will look into this.
- F2. I try to make deposits every day or the day after the receipt of the payments, but sometimes with the volume, I can't always do it. I am continually trying to do this.
- F3. I will be more diligent at doing this and contact Finance if this occurs again.

Compliance

In order to determine whether the Tax Collector was in compliance with certain provisions of the *Tax Collector's Manual*, *Local Tax Collection Law* and County policies, we reviewed MRTD sheets, tax notices, disbursement practices and other appropriate documentation.

- F1. A review of the payment detail sheets attached to the MRTD sheets filed by the Tax Collector during the audit period disclosed the following:
 - One (1) discount payment received in April 2014 was not processed, reported or remitted until the filing of the December 2014 MRTD sheet.
 - Two (2) discount payments received in March 2015 were not processed, reported or remitted until the filing of the October 2015 MRTD sheet.
 - One (1) penalty payment received in August 2015 was not processed, reported or remitted until the filing of the December 2015 MRTD sheet.

Since the discount payments were not remitted to the County until the penalty period, the appropriate amount remitted to the County should have included an additional \$202, which represents the difference between the amount reported to be collected and the 10% penalty amounts associated with these tax notices. Based on the nature of these errors, the Tax Collector should have forwarded an additional \$202 of personal funds to rectify these conditions.

- R1. In accordance with Section 25 of the *Local Tax Collection Law*, "The collector shall pay over on or before the tenth day of each month...all monies collected as taxes during the previous month..." Furthermore, the Tax Collector should contact the Finance Department for clarification on the policy for untimely remittances to the County.
- F2. A review of the debit interim adjustments, which are issued by the Board of Assessment, disclosed the following:
 - In 17% of the six (6) interim tax notices examined, the collection periods were not correctly stated.
 - In 67% of the six (6) interim tax notices examined, the tax notice was not issued in a timely manner.

Continued...

REPORT TO MANAGEMENT

FINDINGS AND RECOMMENDATIONS

Compliance (Continued)

- R2. The Tax Collector should be reminded of the importance of issuing interim tax notices in accordance with the guidelines established in the *Tax Collector's Manual*.
- F3. An analysis of the disbursements made by the Tax Collector to the County disclosed that County real estate tax revenue transfers over \$50,000 were not in compliance with the wiring of funds requirement established by the Finance Department.
- R3. In order to afford the County the opportunity to maximize interest on the collection of County real estate tax revenue, the Tax Collector should strictly adhere to the guidelines issued by the Finance Department regarding the timely and appropriate submission of revenue.

Auditee's Response:

- F1. These were items that were collected and not posted to the monthly report they were collected in. These were oversights and were found during the year end reconciliation. I try not to let this happen. I will use personal funds for the difference in the future.
- F2. I am aware of the issuance policy of interims and will try to improve.
- F3. I will try and am doing better with this.

SUMMARY OF THE EXIT CONFERENCE

An exit conference was held via conference call on August 28, 2017. Those participating in the conference call were:

Tinicum Township Tax Office

Kimberly Hinrichs, Tax Collector

Controller's Office

Denise Rimby, CPA, Audit Supervisor

The results of the audit were presented and discussed in their entirety.
