2017 COUNTY BUDGET, TAX LEVY AND APPROPRIATIONS

Chief Operating Officer Brian Hessenthaler advised that this year’s budget was more difficult than usual, but they were prepared for the challenges. He said department heads, division leaders, row officers and the courts all cooperated and worked together with the Finance Department, which he noted was down by one person this year. He commended Finance Director Dave Boscola and his staff for a terrific job by all involved.

Chairman Loughery advised that the budget and total expenditures as presented are just shy of $415 million. He explained that they have been able to add to the general fund over the past few years and are now able to avoid a tax increase for 2017. The Chairman thanked Chief Operating Officer Brian Hessenthaler, Finance Director David Boscola, the row officers, and court administration for their work in the budget process which, he noted, began in early August.

OTHER CIVICS

Emergency Services Director Scott Forster responded to Commissioner Martin’s question regarding the Fire PAC program.

EXECUTIVE REPORTS

Brian Hessenthaler, Chief Operating Officer, reported on the following:

Collective Bargaining Agreements – With the four PSSU contracts and the one with the Peace Officers/Security Guards just approved, the county is left with only one collective bargaining agreement that is still being negotiated. It is hoped that the remaining agreement, which is with the county’s largest union, will be under contract in time for approval at one of the next two Commissioner’s meetings. Mr. Hessenthaler commended Travis Monroe and the Human Resources staff for working diligently to secure fair contracts and said the process is long and difficult but was handled professionally.

Overdose Crisis – Beginning next week Bucks County Drug & Alcohol will be offering free doses of Narcan at the Louis Drive location on Mondays and Tuesdays, between 10:00 am and 1:00 pm. This will include education on how to administer it and information on where to obtain help.

Lynn T. Bush, Chief Clerk, reported on the following:

Bucks County Planning Commission – At their meeting later today, and in recognition of their 65th Anniversary, the Planning Commission will be acknowledging some of the changes that have taken place over the years and people who have served on the board since it was formed in 1951. Several things that led to the Commission’s formation will be highlighted, such as the 17,300 houses that were built in Levittown in a very short period of time. Some things have changed and some have stayed the same. A 1953 report questioned what was going to be done about the narrow highways that were established in colonial times. The Bristol Road extension was mentioned in the 1960’s and they are still working on getting it funded. The Open Space and Farmland Preservation programs have always focused on preserving the character quality of life in Bucks County.

COMMISSIONER COMMENTS

Commissioner Martin referenced a recent newspaper article, signed by all three commissioners, advising that they will continue preserving open space in the County, even though a part of the program ends next year.

Commissioner Martin advised that it was a pleasure to finally certify the election results after Judge Finley’s ruling yesterday. He said that Board of Elections Director Deena Dean and her staff did a great job and Sean Corr, assisted by others from the Solicitor’s Office, did a great job presenting information on behalf of the Board of Elections.

Chairman Loughery thanked all those involved with preparing the budget and spoke about the challenges they faced. He explained that looking at the line items and managing the deficit doesn’t tell the whole story, and that there is a human aspect of it as well. He shared a story about a man who had contacted him regarding the extreme financial difficulties he was experiencing as a result of paying for addiction treatments for his son. The Commissioner said that this was not an isolated situation, and it speaks to the direct impact the line items in the budget has on people’s lives, such as the need for case workers for Area Agency on Aging or for Children & Youth.
Also expressing appreciation to those who worked on the budget, Commissioner Marseglia said that this was the ninth time she has been through the budget process but it’s the first time she feels like they’ve done something to make a difference. She said she is thrilled about the potential impact of the Human Services funding.

PUBLIC COMMENT

Ralph O’Banion, from Solebury Township and on the Board of Agricultural Extension, thanked the Commissioners and spoke briefly about the great impact their support has had on the various extension programs.

Ted Feldstein, son of Dr. Feldstein, thanked the Commissioners for their kindness and support.
