

# Spread the Word: Register a Friend!

This year for the fall Pandemic Flu Drill we would like to open FOUR sites simultaneously throughout Bucks County. Last year, 2006, we had over 300 volunteers registered, this year we are aiming to recruit an additional 100 volunteers. Please help us by recruiting a friend! Please send in the following information to Meredith Allen and a member of the Health Department will contact your friend with information about volunteering for the upcoming 2007 Flu Drill.
