

# CLASSES IN TILE & MOSAIC

## Bucks County Department of Parks & Recreation

### Moravian Pottery & Tile Works

#### Mosaics

Learn how real Moravian mosaic panels are made! Combine smoky matt surfaces with glossy glazes to achieve a classic blend of surface, texture and color. This intro class for beginners will explore making mosaics using the traditional techniques of the Tile Works. Each student will start by creating their design for a mosaic, and carry it through the process all the way to mounting in a cement bed. Students will be limited to a maximum 1 1/2 square foot mosaic. (e.g. 12" x 16") Classes meet weekly for 5 sessions from 9am – 12pm. **\$190**

Mosaic Making # 001 Sundays Jan 08—Feb 05, 2012  
 Mosaic Making # 002 Saturdays Mar 31—Apr 28, 2012

#### Cuenca Tiles

Ever notice the old Spanish wall tiles in the Fonthill Museum? Many are made using a 16th century technique that allows one to fill in colors to achieve an easily handpainted tile. Students will inscribe their own line drawings into plaster blocks and use those blocks to press out tiles with raised lines. These raised lines will act as retaining walls that we will use to keep the glaze in place as we paint them. Each student will make 4 (4" x 4") designs and press and glaze about 15 tiles. Classes meet weekly for 4 sessions from 9am – 12pm. **\$150**

Cuenca Tiles #003 Saturdays Jan 14- Feb 04, 2012  
 Cuenca Tiles #004 Sundays Feb 19 – Mar 11, 2012

#### Of Molds and Tiles

Learn how to make a plaster master mold and a production mold. Students will carve a design into a plaster block to make a master mold and then cast a plaster production mold they can use to press tiles. These pressed tiles will look like their master mold design. Student will make one master and one production mold. Each student will produce about 20 glazed tiles of their design. These tiles will be dipped in glazes and not hand-painted. **\$190**

Molds #005 Saturdays Feb 18 – Mar 17, 2012  
 Molds #006 Sundays Mar 25 – Apr 29, 2012 (no class April 8<sup>th</sup>-Easter)
